WE KEEP COCHRANE MOVING!

cochrane
HOW THE WEST IS NOW

Did you know?

Sometimes big mounds of snow (called windrows) can pile up near crosswalks. So when you want to cross the street, remember to be extra careful! Make sure that cars have stopped **before** you step onto the road.

Did you know?

You can stay safe on icy paths by **walking like a penguin!** Try taking small steps just like a penguin does to keep yourself from falling!

It's important to watch for our plows when their lights are **flashing** and they are spreading out materials.

Did you know?

You can be a snow angel in the winter!

Help a neigbour by clearing their sidewalk of snow! Remember to shovel the snow onto the lawn, and not back onto the road.

Did you know?

Our crews remove **2600 m²** of snow from parking lots each time it snows? That's five football fields of snow!
